## Customer Experience & Support Policy

Stellaris Consumer Division · Customer Support Operations

Version 4.1 · January 2025 · Internal Classification: Restricted

### 1. Introduction & Scope

---

This handbook defines the customer support policies, escalation procedures, and service standards for the Stellaris Consumer Division. It applies to all customer-facing agents, first-response AI systems, and third-party support partners engaged by Stellaris Group Ltd.

Adherence to this handbook is mandatory. Deviation from the escalation matrix or refund policy requires written approval from the Head of Customer Experience (Preethi Subramaniam, VP — Consumer Division).

### 2. Product Portfolio

---

- Clinical models: Require 30-day calibration period before readings are considered stable
- Battery life: Fit (7 days), Pro (4 days), Clinical (3 days). Charging: Magnetic dock included

## 3. Common Issues & Standard Resolutions

---

### 3.1 Device Not Pairing with App

Follow this resolution sequence before raising a ticket:

- Step 1: Confirm Bluetooth is ON and Location permissions are granted to the Stellaris app
- Step 2: Force-close the app and reopen. Retry pairing from Devices !' Add New Device
- Step 3: Restart device (hold power button 8 seconds until LED blinks twice)
- Step 4: If pairing still fails, factory reset the device: hold Power + Volume Down for 12 seconds until LED blinks red 3 times
- Step 5: If factory reset does not resolve — raise ticket Category: "Hardware Defect". SLA: replacement under warranty within 5 business days.

### 3.2 Billing & Subscription Issues

- Invoices: Emailed to registered email on purchase date and on every renewal anniversary
- Failed payment: System retries 3 times over 48 hours. After 3 failures, subscription suspends.
- Update card: App !' Settings !' Billing !' Payment Method !' Update
- Cancellation: App !' Settings !' Subscription !' Cancel Plan. Immediate effect. No prorated refund.
- Upgrade/downgrade: Effective from next billing cycle. Downgrade credits are applied as wallet balance.
- Refund policy: Full refund within 14 days of purchase for hardware defects. No refund for user error or change of mind beyond 7 days.

### 3.3 Warranty Claims

- Step 1: Customer raises claim via app: Help !' Warranty Claim !' Describe issue !' Upload photos (minimum 3)
- Step 2: Claim reviewed by Quality team within 48 business hours
- Step 3: Approved claims: Courier label sent to customer within 24 hours. Reverse pickup scheduled.
- Step 4: Replacement dispatched within 5 business days of receiving the defective unit at our Pune warehouse
- Step 5: Rejected claims (misuse, physical damage): Customer notified with reasons. Appeal via [legal@stellarisgroup.com](mailto:legal@stellarisgroup.com) with supporting evidence.

## 4. Escalation Matrix

| Priority      | Trigger                                                       | SLA        | Contact                                                                                      |
|---------------|---------------------------------------------------------------|------------|----------------------------------------------------------------------------------------------|
| P1 — Critical | Safety risk, data breach, media-reported issue                | 15 minutes | +91-22-6800-0001 / <a href="mailto:legal@stellarisgroup.com">legal@stellarisgroup.com</a>    |
| P2 — High     | Product completely non-functional, no workaround              | 2 hours    | <a href="mailto:support@stellarisgroup.com">support@stellarisgroup.com</a>                   |
| P3 — Medium   | Billing dispute, subscription issue, partial function failure | 24 hours   | <a href="mailto:billing@stellarisgroup.com">billing@stellarisgroup.com</a>                   |
| P4 — Low      | General queries, how-to questions, feature requests           | 48 hours   | Helpdesk portal: <a href="https://support.stellarisgroup.com">support.stellarisgroup.com</a> |

## 5. Agent Communication Guidelines

- Always use "our

team" — never "I" —  
when referring to  
Stellaris as an entity

- Never promise  
delivery timelines, refund  
timelines, or fix ETAs not  
explicitly stated in this  
document

- All refund approvals  
above \$15,000 require  
written sign-off from  
Team Lead or above

- Do not acknowledge  
competitor complaints or  
social media statements  
to customers

- If a customer  
becomes aggressive or  
uses abusive language:  
one verbal warning, then  
escalate to P1 and  
disconnect

- All interactions to be  
logged in Freshdesk  
within 30 minutes of  
conversation close
