

ABC Electronics — Product Catalogue & Specifications

Overview

ABC Electronics offers a portfolio of over 400 consumer and commercial products across laundry, cooling, kitchen, refrigeration, and commercial/industrial laundry categories. This document serves as the internal product knowledge base for sales, support, and customer-facing teams.

Consumer Appliances

Laundry — Washer Dryer Combos

Model Code	Product Name	Key Features	MRP
WD-1073	ProWash Combo 10/7/3 kg with 2-Hour Wash+Dry	3-in-1 combo: wash, dry, refresh; 2-hour express cycle; ABC Connect app integration	₹78,490

Segment: Premium household. Target customers seeking an all-in-one laundry solution without separate washer and dryer.

WD-1073 Product Details:

- Wash capacity: 10 kg
- Dry capacity: 7 kg
- Refresh capacity: 3 kg
- Express cycle: Complete wash and dry in 2 hours
- Connectivity: ABC Connect app for remote operation and scheduling
- Drive system: BLDC inverter motor
- Energy rating: 5-star

Laundry — Front-Load Washing Machines

Model Code	Product Name	Key Features	MRP
WM-5290	FreshWave 9 kg Front-Load with OxyClean	9 kg, OxyClean ozone wash technology, BLDC motor	₹60,290
WM-8012	ProSenator 8 kg Front-Load	8 kg, stainless steel drum, self-clean drum	₹52,990
WM-7010	Executive Series 7 kg Front-Load	7 kg, 1000 RPM, energy efficient	₹44,990

OxyClean Technology (WM-5290): Ozone-based wash system that removes bacteria and odours without hot water. Effective on delicate fabrics. Reduces detergent usage by up to 30%.

Laundry — Top-Load Washing Machines

Model Code	Product Name	Key Features	MRP
TL-8010	SpinMaster 8 kg Top-Load with EcoInverter	8 kg, EcoInverter BLDC motor, 5-star energy, hard-water wash	₹32,990
TL-6510	SpinMaster 6.5 kg Top-Load	6.5 kg, stainless steel drum, 8 wash programmes	₹22,490

EcoInverter Motor: Our proprietary BLDC motor fitted in top-load washers. Runs quieter than conventional motors, consumes less electricity, and is rated for 10-year motor life.

Air Conditioners

Model Code	Product Name	Key Features	MRP
AC-1590	CoolPro 1.5 Ton 5-Star with Self-Clean	1.5 ton, 5-star, self-clean technology, GN Pro-Series	₹71,435
AC-1243	CoolPro 1.2 Ton 3-Star	1.2 ton, 3-star, fast-cool, auto-restart	₹52,990
AC-2033	AirSmart 2 Ton AI Series	2 ton, AI-powered, geo-sensing, hybrid mode, app control	₹98,490

CoolPro Series Technology:

- Self-Clean Technology: Automatically dries the evaporator coil to prevent bacterial growth
- GN Pro-Series compressor: Locally manufactured, energy optimized
- Geo-Sensing (AirSmart): Detects occupancy and adjusts temperature automatically
- Hybrid Mode (AirSmart): Switches between cooling and ventilation intelligently based on outdoor temperature
- ABC Connect App integration on AirSmart models for scheduling and remote control

Indigenized components: All CoolPro Series ACs use motors and key electronic control boards manufactured in our Bengaluru facility, reducing import dependence.

Dishwashers

Model Code	Product Name	Key Features	MRP
DW-5887	CleanMaster 16 Place Setting with 70°C Hot Wash and Steam	16 place settings, 70°C hot wash, steam cycle, 5 programmes	₹69,990
DW-4450	CleanMaster 12 Place Setting	12 place settings, 6 programmes, half-load option	₹49,990

CleanMaster 16 Highlights:

- 70°C Hot Wash: Eliminates 99.9% of bacteria on dishes
- Steam Cycle: Loosens tough food residue before main wash
- Aqua-Sensor: Automatically adjusts water usage based on soil level

- Half-load: Run with half capacity to save water and energy
- 5 wash programmes: Intensive, Normal, Eco, Quick 30-min, Steam

Microwave Ovens

Model Code	Product Name	Key Features	MRP
MO-3853	ChefPro 34L Convection with AirFry and Dual Heaters	34L, convection, AirFry, dual heater system	₹49,990
MO-2852	ChefPro 28L Convection with Grill	28L, convection + grill combo, 101 auto-cook menus	₹34,990
MO-2451	QuickHeat 24L Solo	24L, solo microwave, 8 power levels	₹8,490

AirFry Technology (MO-3853): Dual heater system circulates hot air at high speed to deliver crispy, fried texture with minimal oil. Supports AirFry, bake, grill, and convection modes.

Refrigerators

Model Code	Product Name	Key Features	MRP
RF-2410	FreshStore 241L 3-Star Frost-Free with FlexConvert	241L, 3-star, frost-free, FlexConvert convertible	₹46,990
RF-3835	FreshStore 383L 4-Star Frost-Free with MultiAir	383L, 4-star, multi-airflow, deodorizer, smart inverter	₹64,990
RF-2230	CoolStore 223L Direct-Cool	223L, direct-cool, 5-star, stabilizer-free operation	₹19,490

FlexConvert Technology: Converts the bottom section between fridge and freezer mode. Useful for storing large items during festive seasons or adjusting to seasonal needs.

Built-in Kitchen Appliances

Category	Model Range	Key Features
Chimneys	KN-600, KN-900, KN-900B	Filterless, BLDC motor, touch/gesture control, auto-clean
Hobs	HB-604G, HB-903G, HB-783G	4–5 burner, heavy brass burners, auto-ignition, sealed burners
Built-in Ovens	BO-656, BO-757	56–65L, convection, rotisserie, multi-function
Built-in Microwaves	BM-34B, BM-28S	Built-in design, convection + grill, match-and-mix kitchen integration

Commercial and Industrial Laundry

Our commercial laundry range covers the complete workflow from washing through extraction, drying, and finishing. This range targets hotels, hospitals, laundromats, industrial laundries, garment processors, and institutional buyers.

Washer Extractors

Model	Capacity	Heating	Key Features
CWE 110	110 kg	Electric	Soft-mount suspension, high-G-force extraction, touch control panel, 3-phase heavy-duty motor
CWE 75	75 kg	Electric / Steam	Bi-directional drum, stainless steel drum, digital temperature controller
CWE 50	50 kg	Electric / Steam	Compact footprint, front-load format, programmable cycles
CWE 35	35 kg	Electric	Entry-level commercial, suitable for smaller hotels and clinics

Vertical Washing Machines

Model	Capacity	Heating	Key Features
CVW 100	100 kg	Steam	BI-directional drum, stainless steel drum and heater, digital controller
CVW 75	75 kg	Dual (steam + electric)	Flexible heating, ideal for locations with inconsistent steam supply
CVW 50	50 kg	Electric	Compact design, hospital-grade stainless

Drying Equipment

Model	Capacity	Key Features
CTD 150	150 kg	Auto cool-down function, steam heating, stainless drum, digital panel
CTD 75	75 kg	Electric heating, forward and reverse tumbling
CDD 50	50 kg hydro extractor	Direct drive motor, high-spin extraction, suspended motor

Dry Cleaning Machines

Model	Capacity	Key Features
CDC 212	12 kg	2 distillation tanks, in-built cooling unit and compressor, digital control panel, bi-directional drum

CDC 208	8 kg	2 distillation tanks, compact, digital controls
---------	------	---

Finishing Equipment

Equipment	Model	Key Features
Stain Removing Machine	CSR 7	Chemical storage cups, cold spotting guns, high-pressure air and steam guns
Stain Removing Machine	CSR 1	In-built compressor, stainless steel body, steam guns
Vacuum Ironing Table	CVT 4425-80	Adjustable height, swivel arm with buck, flat-top ironing surface
Dress-O-Matic	CDM	Powerful air suction and blowing, adjustable height, silicon padding
Utility Laundry Press	CUP	Emergency off switch, safety rail, stainless steel upper buck, pneumatic operation

ABC Connect App

The ABC Connect app (available on iOS and Android) allows customers to:

- Register products for warranty activation
- Schedule wash/AC cycles remotely
- Monitor appliance status
- Book service requests
- Track service ticket status
- Access digital manuals
- Receive filter/maintenance reminders

Compatible models: All AirSmart ACs, ProWash Combo, and select front-load washer models. Connectivity via Wi-Fi (2.4 GHz).

Warranty Quick Reference

Product Category	Standard Warranty	Motor / Compressor	Registration Required
Front-load washing machines	2 years (parts + labour)	10-year motor warranty	Yes — within 30 days
Top-load washing machines	2 years (parts + labour)	5-year motor warranty	Yes — within 30 days
Air conditioners	1 year product	5-year compressor + PCB	Yes — within 15 days

Refrigerators	4 years (parts)	10-year compressor	Yes — within 15 days
Dishwashers	2 years (parts + labour)	5-year motor warranty	Yes — within 30 days
Microwave ovens	1 year (parts + labour)	—	Recommended
Commercial laundry	1 year parts; labour on contract	On-site service SLA	Yes — mandatory

Full warranty terms are available in the product warranty card and at our support portal.
